

Newton County Soil & Water Conservation District to Host 71st Annual Meeting

Please plan on joining us at the Beaver Township Community Center on February 16, 2012; a snow date of Feb 23 is reserved. We will start at 6:30 pm CST for the 71st Annual Meeting of the Newton County Soil & Water Conservation District.

What does tiny Holland have in common with Indiana agriculture? Which place produces more agricultural products? You'll be surprised by some of the differences, but also by some of the things we share. Dr. Hans Kok, the coordinator for the Indiana Conservation Cropping Systems Initiative, was born in Holland. He will be talking about this topic at the Newton County SWCD Annual meeting on February 16th. His presentation is funny, serious and surprising; join us to learn and be entertained at the same time.

A delicious dinner will be catered by Devon's Restaurant and an election will be held to determine who will serve a three year term on the Newton County SWCD board. We will also be having a silent auction so be sure to come early to look at our many items. Tickets may be reserved by calling the SWCD office at 219-285-2217 or contacting one of our board members: Henry Coussens, Jr, Larry Strole, Brian Johnson, Mike Schoonveld or Darrell Allen. Duke Energy will be sponsoring the meal this year and tickets MUST be reserved. Please leave a message on the machine if no one is able to get to the phone at 219-285-2217 and Rose Morgan will call you back ASAP. RSVP is needed by February 10 so we can order the food.

You are cordially invited to
